

AS IT IS DVD RESOURCE

Product Description

The AS IT IS DVD is a resource that tackles the issues of gang fighting, territorialism, offending behaviour and alcohol / substance abuse. The DVD was produced by a partnership of statutory and voluntary agencies based in the Glasgow conurbation.

It is best used by youth workers, teachers and police officers working with young people aged 11 onwards to address the above issues

The real life interview footage is based on the insights of young people, victims and offenders and gets right to the point covering the devastating effects that violent crime can have on any community.

The main film lasts 20 minutes and is a first class platform to base group discussions on which will challenge entrenched behaviour and thinking.

The resource has a number of follow up films that can be used to address particular aspects of offending behaviour and further challenge and expose the realities of violent crime.

There are discussions points / outline lesson plans after each film.

The resource was launched in 2007 however in the production stage of the resource care was taken as far as possible to ensure that the product would not age. It is just as usable now. To date (June 2017) over 1400 copies have been distributed throughout the United Kingdom.

The DVD is free to those requesting it. Please make contact with the VRU on the contact page leaving your details for Inspector Stevie Kinvig, Baird Street Police Office, Glasgow. Or alternatively email requests for this product direct to:
